

GU-SECURITY S-Bolt for French Doors

Full 1" shootbolts offer deeper penetration into the head and sill

Latch and deadbolt blockers are design for intuitive operation

Reversible latch with build-in failsafe (anti-slam)

Easy to connect the extension to the gear

Option for active side with SECURY hookbolt or Automatic latchbolt

The Smart System for Double Doors

- Ease of use, the system does not allow home owner to lock the active door unless the inactive door is fully locked. This guarantees that all doors are fully secured.
- The full one-inch, 10mm round shootbolts provide high levels of structural testing due to its dual direction center lockcase with anti-slam device.
- Combined the 1" deadbolt and shootbolts at top and bottom:
 - provides more security
 - provides better weather sealing performance
 - protects against warping
- High grade Stainless Steel
